My beloved _____ in whom I'm
agreeably surprised

To

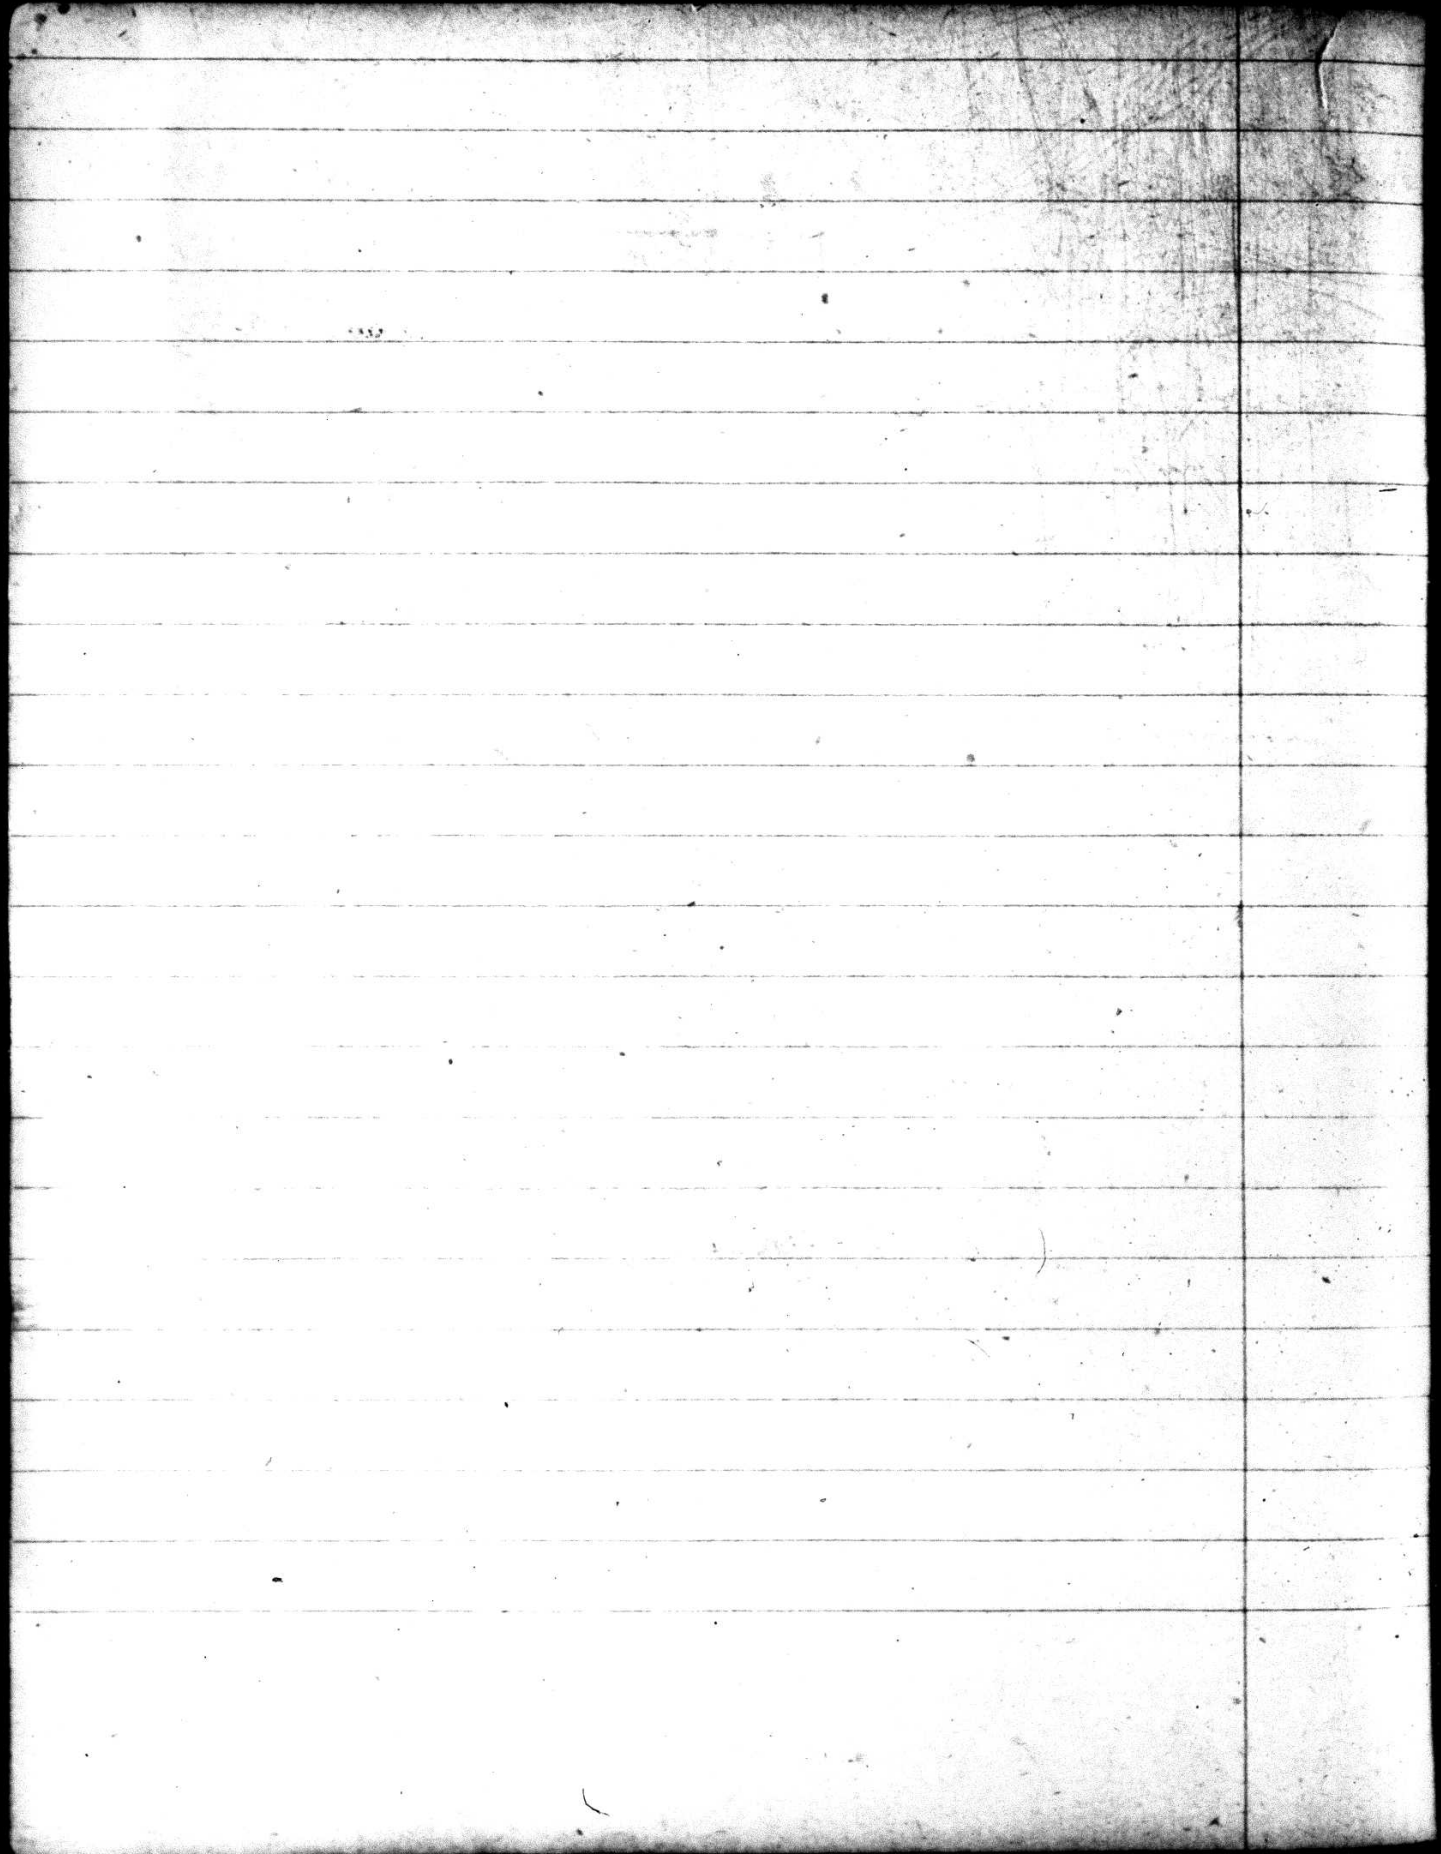

There are 2 Reasons -
A - is a clean, straight, honorable
high minded man - B is a
shifty, dishonest rascal, dirty and
ragged with delusion both B

grandeur and persecution in other words
he is not P. at all, but an obsessing
demon. Observe the change between
Sat. ~~the~~^{afternoon} and Mon. morning. It is up
to you to drive I.B. out. You can
recognize him by the dirty ragged gray
bra. When he appears speak only
to him words of exorcism. Let all
the brethren act thus. If I.B. succeeds
in permanent obsession, P. will have to be
certified insane. It is our business
to save him because he is a brother
and has been used by the gods
to bring about the fulfillment of their
will.

→ You might show this to P. himself
when he is himself.

Sends me my appointment as
agent. I will start a whirlwind
campaign in N. Y. I will send you

Get a regular bell tent for Saladin.
Prepare a silver gilt disk, diameter
8", with an 11 pointed star and

Abraham Adair

Abraham Adair engraved on it - nothing else. Get a straight sword with a plain cross hilt. Get an altar double cube - side measuring 32".

Affiliate Hill quickly and get Bowman to collect the dues. I am more or less penniless and cannot write even for U. B. S without cash.

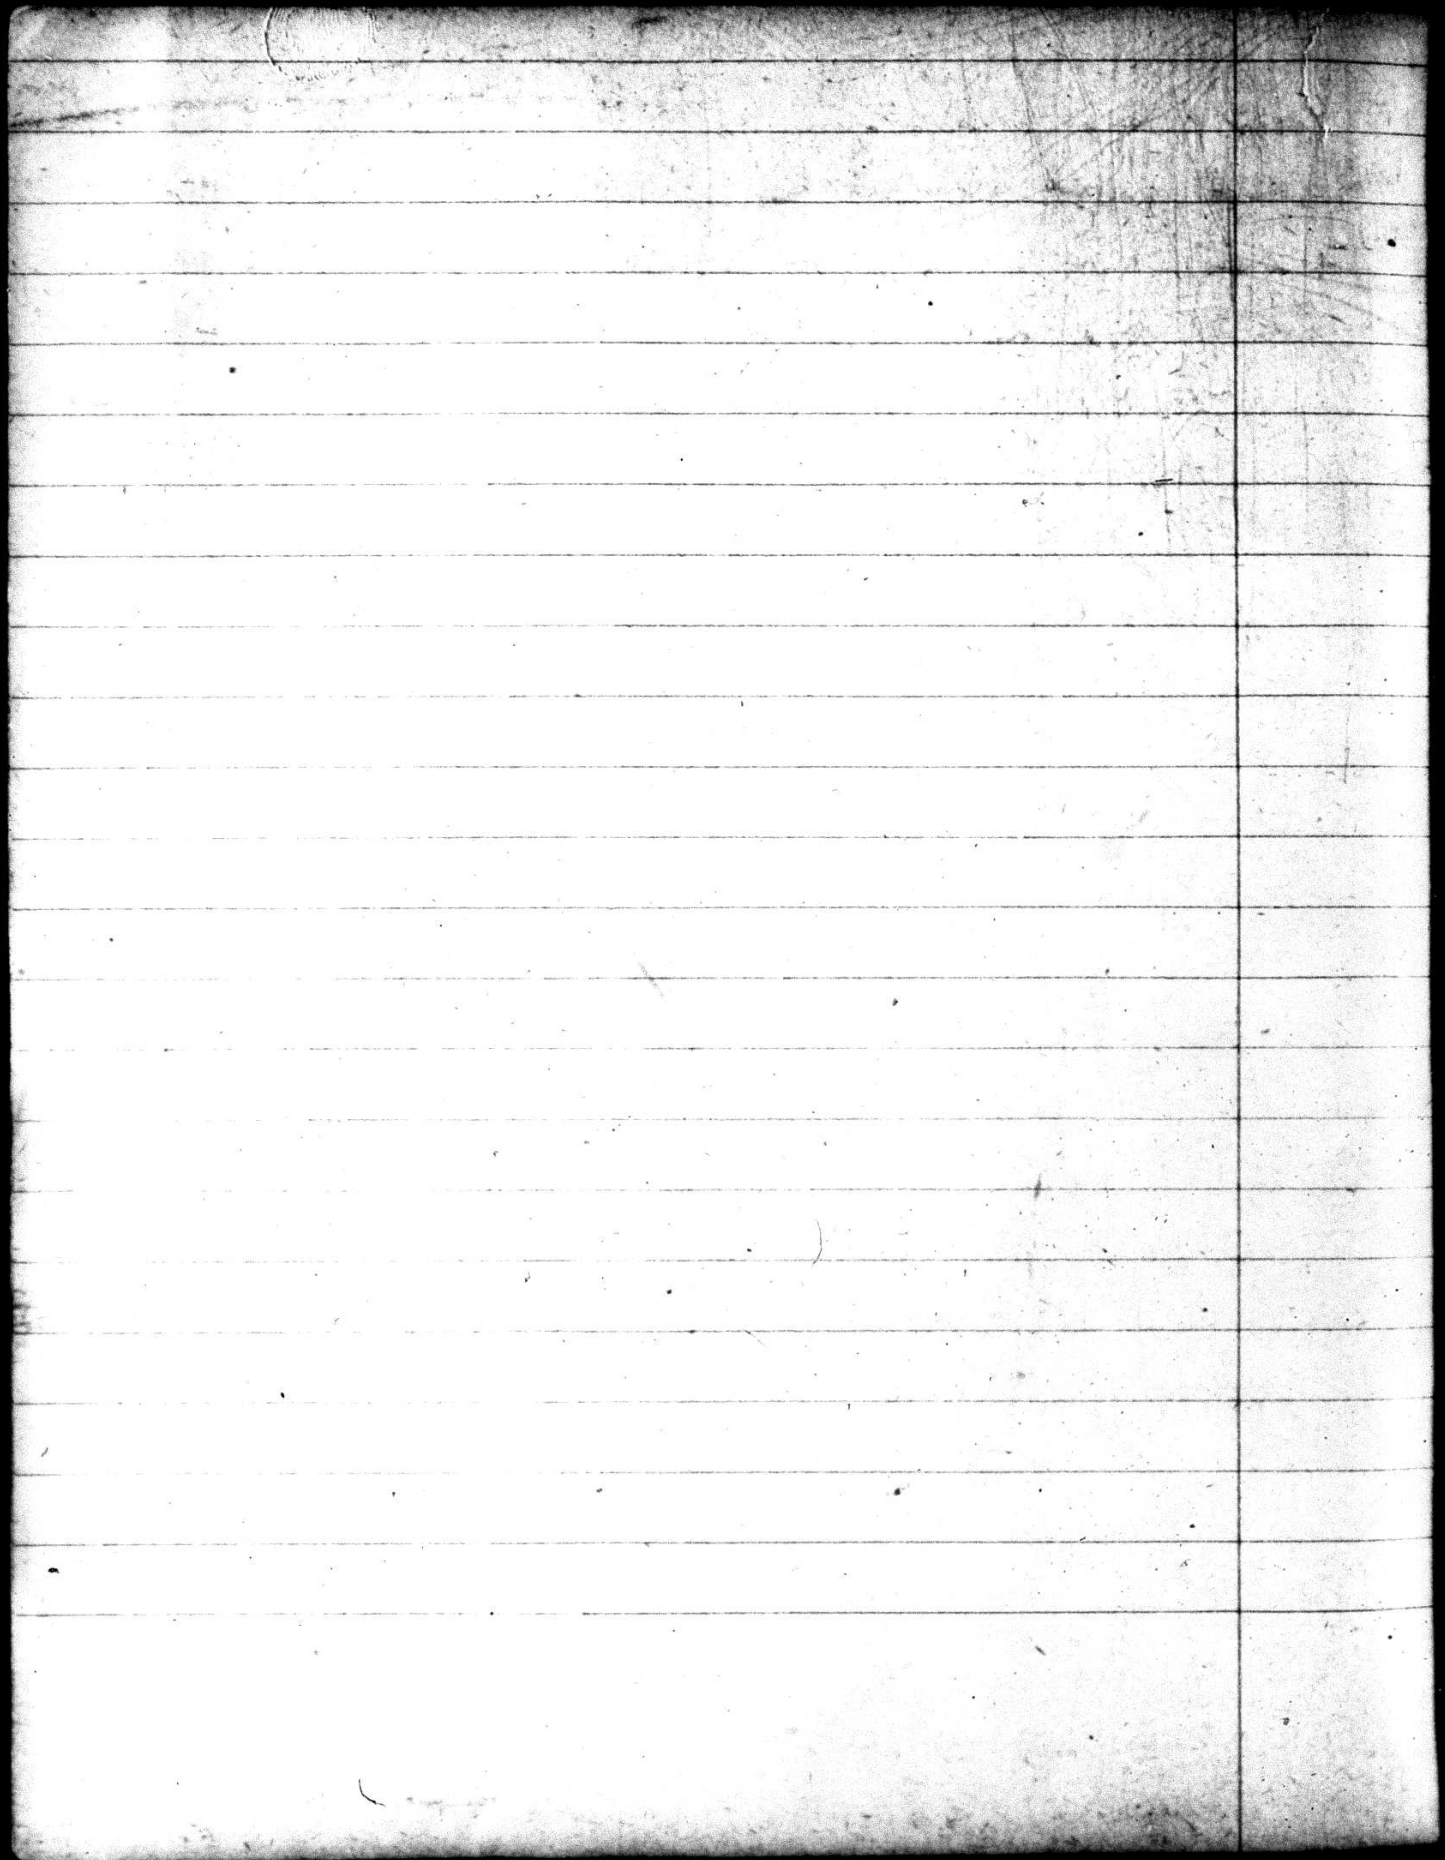

Ask Sibley to remember to send me the 4 g of ~~cocaine~~ cocaine and to prepare to make an experiment in it under the seal of the 7th degree. This is the experiment: - Take a small quantity of ~~pure~~ ~~pure~~ ~~pure~~ mingled with our Eagle being careful that the Eagle has eggs. Shake this up with pure alcohol or ether and give it to Sibley or Bowman if the latter has more facilities for experiment, make them promise not to examine chemically

I herewith enclose the page
which is missing in Story No. 514 -
Please place it with the rest of the
manuscript. I would rather sell
the stories in a bunch from No. 7 on-
wards, they assume the character
almost of a serial.

Will you please let me have an
estimate for printing C. II -
I will ask you to take into account
the fall in price of labor & material

which peace will bring and also
that you will be able to finish

Sir:

"Therefore strike hard and low
and to Hell with them waster!"

Instead of writing 'blackguardly
letters in secret why do you not
publish the evidence that you
claim to hold.

I will publish without com-
ment or alteration anything of this
character that you choose to
submit in the next No. of the
Equinox.

You are a con and a swindler
and I have put the authorities
on your trail but I will give
you a square deal.
