I shall send you the receipted bills
for clothes, & hold on to balance right
till Sept 21.

K. won't use any of this money. This
is noble, but a nuisance insofar as
she doesn't want to get to work till
she's dressed.

Let's hope her cash comes in time.

She has your letter & will write when
digested.

Your estimate errs.

E.g. the clothes aren't wanted twice.

Sect & house are paid out of salary.
Could save on that, too, once the house
was there.

Is: 1 Phil & Bunn again a
bilious combination.

You can reckon on the gods.

Your letter depressed H. too; reaction
against doing it.

But he who hesitates...

Things are going to go big.

A long letter from Ferner this a.m. He hedges with all sorts of pessimistic self-reproaches & complainings; but Coe Eata will put up \$5000⁰⁰/₁₀₀ at least when she gets back from her holiday - I suppose about mid Sept.

The one genuine obstacle is the question of prudence. They fail to realize that you are a business man, & that I shall leave the whole management of the affair in your hands. I have reassured Ferner on these points; but you might do the same, & clinch it.

The question now arises whether, other sources failing, we should not go ahead with preparations in Paris for the possible German tour. (I'm sending you to Ferner by this mail.) I should like to be ready to start by Oct 1., in case the invitation arrived, & not have to wait for tailors &c.

It is, as I said, purely a matter for your business

judgment.

If you think it right to trust the Goods to that extent,
wire me here in receipt of this, & transfer £200 to Paris.
I would then travel straight up, & get to work. But if you have
the least doubt a fear — don't do it!

Am told that had written to Bank to send the £200. Consequently cannot guarantee to put 4 part 3 in pass on Sept 21. Must have money sent me now for that purpose. Sent figures showing that on present scale of expenditure in 1970 will be spent in the 10th of money. Very economy & expenditure

(see photograph of letter in vol III)

H. note you this A.M. definitely about the \$10,000. I think it good enough, as she is very keen to get to work, & has all the qualities required to negotiate between me & the other. She quite understands that she has got to make good, & that she must devote herself to the job without allowing her personal views to interfere.

This plan will also make it much easier for me to establish various connexions, as well as ^{be} to work on my new book.

She cannot be absolutely sure that the money will be paid in time. There may be some delay, or she may get only a portion. But I see no reason why things should not go through without a hitch.

She is quite willing to repay any sums advanced to her in the case of the loan falling through at the last moment for any reason.

I was very annoyed at having to discuss the matter with
her at all; but time pressed. I have a strong feeling
that I ought to be in Paris; perhaps there may be
some Americans there whom I should see before they
return to U.S.A. or - - ? - ? anyhow,
it is a strong instinct.

I leave here to-morrow Thursday, reaching Paris on
Tuesday. Will let you know where I am staying.

If you think this good enough to go on, there is no
need to transfer more than the £200. I will
advance her what she needs out of this sum, taking
(sending to you) her receipt to the "Thelma Publication Fund"
- I wish you would think up a better name. My one
effort will be to reconstitute the Fund ^{as early} before Sept
21, in some new way, just in case both ~~the~~ K. &
Mrs Eaton are late. I have word from Sieving, by the
way: I hope to hear in answer. And that would be
