Dear Pearl, Your letter with enclosure is a perfect example of why I do not trust A.C. for I presume that it was he who "suggested" the enclosure to you. Rather against my better judgement I say that I am willing to guarantee a printers bill to the extent of £50, provided that I am not called on to pay up in less than 18 months. You now produce a scheme in which I am apparently guaranteeing 8 shares of £50 each, i.e. £400 and not £50. My answer is nothing doing, and I am surprised at you for making the proposition.
