Dear ~~Big~~ Lion,
93

Thank you very much indeed for the hint about the Word you were good enough to give me in your last letter of the 25th October. I seem to understand a little more about it now and can feel that behind the stress and darkness on the material plane and the mental one perhaps too, there is that great Light of Binah, the Great Supernal Mother, which to those below the Abyss must be darkness indeed. In the "Wake World" this 3rd house is called the House of Sorrow, a House of utmost Darkness; and by and by there is coming the tremendous blaze of a new sun in the sixth House and a new Prince is born. And its planetary sign is Saturn, "the aged God, the venerable Gd, the Lord of Time, bearing a sharp sickle". He brings death on all planes, that of the gross forms on the material plane, of intellectual and reasonable thinking on the mental plane, for is He not Understanding, Intuition, and Divine Intelligence? Shiva, the Destroyer?

Nothing can be destroyed but what is destroyable. So we may calmly let go what is taken from us and be ready to give all we have and all we are to the Great Work.

You can hardly imagine how thankful I am that I was allowed to translate for you and thereby get to understand more than I dared to hope formerly. Even the numbers 8, 80, and 418 begin to become understandable. If 8 is the great number of Redemption, because ChITH is = 418, it points out that through 80, the "lightning-struck Tower" of the Tarot, which means Ruin in its most material form, we shall come to 418, to Abrahadabra, the Word of the Aeon, and the Expression of

Cephalin diaries about this. I forget details, except
"The skin must be killed very dead". I'm not sure of
the whole thing myself, but work empirically.

One thing is added. When she rules, it's easier to do Opera
for e.g. "Red Gold"! But the gluten is essential.

By 'interfection' or 'corruption' one usually means 'chemical
change':

Gaby is a bit too old, and is using occult knowledge
for purely material ends. So, in that case, she ought to pay well.

There are no selling MSS in the cabin trunk; only the
stuff I need for the Sullivan book.

Just a line to mention that G. is coming to
London. I shall advise on 8th. Let him know all
that is necessary to guide his judgment. He must
rebuild the Temple that Gile's desecration has thrown
down.

Mrs. left some plates at the Langham to be

please enquire.

Dear Mrs

I only got it yesterday - it was forwarded to the country while I had gone back to Berlin

37th of 11th very welcome! I am ashamed of myself for not having written before - but that P.C. - but I have had a dreadful month in more ways than I can tell.

What with the German crisis & the World-markets, there has not been a penny to spare for constructive work of any kind. We have all been undergoing all sorts of privations; in particular, myself, because I live only in the life of the Spirit, so that if I cannot work, or if I feel that the cause is hopeless, I perish. It makes me physically ill.

I have been, you would say, worse in the last week than you ever saw me. But Eagles have ministered unto me - alas! that it should not suffice the soul.

It is a poor consolation that my prophecies are being fulfilled - see enclosed. You might call, see medical officer, explain financial stringency; let
