télégraphié qu'il n'a pas livré la dépêche.

Je dois vous expliquer que j'avais consenti

H. B. M. Consul General
Paris

Sir:

In pursuance of my letter of June 28, I called at the Consulate General this morning at 11 and was informed that you were engaged in conference. I therefore arranged with the Pro Consul the first two items envisaged in my communication of the 28th. ultimo.

I proceed to formulate by letter the substance of the complaint envisaged in Section (c) of my communication of the 28th. ultimo.

A. Pursuant of the request of Miss Clayton of the British Charitable Fund, I called at the Consulate on May 2 to see you personally.

B. At her request I had drafted a statement of the circumstances which caused the extraordinary accident which made it necessary for me to apply for your assistance.

C. I was refused an interview with you and saw one of the Vice Consuls in an upper chamber furnished.

D. He refused to receive my statement.

E. He informed me that my Passport was in order, to my extreme surprise. (I learnt to-day that this emotion was not wholly unjustifiable, the Passport having expired on Dec. 31 of last year.) The explanation given officially of the Consulate General is that the Vice Consul is "very green."

F. The Vice Consul treated me throughout with extreme insolence of tone and manner. Had I been a common tramp, his behaviour would have been, in my opinion, unjustifiably brutal.

G. It is difficult to convey adequately by letter the extreme grossness of his attitude, but I may quote verbatim two extracts from the dialogue.

1. I asked him to telegraph to the solicitors of a person who has temporarily ^(in a fiduciary capacity) acquired control of a large sum of money belonging to me. He shouted "How do I know you won't be back here in a fortnight?"

2. I questioned my doctor (I am a well-known writer on various recondite medical subjects.) He snapped out "How can you have a doctor if you've got no money?"

I have the honour to

Dear A.R.S.

They have shown me yr. letter to E. about the
new-bro King. Yes I have been new-bro & I am
coming to take my Kingdom. May you be one of the 3
Wise Men.

I always thought you noble & sincere. Do not
forget that evil communications corrupt good manners.
If yr. touch pitch, y. will be defiled. Keep the base
at arms length. One of the persons whom y. most
love & are ~~loving~~ y. most trust have been conspired
for a long while to have y. put away into a
lunatic asylum. I warned y. once before, we
at the expense of cabling from S. at a time when
was v. hard up. I warned you again more explicitly.
There is 1 flaw in yr. plans roughly speaking.
The same flaw as was in mine told by rebirth. Y.
do not take into acct. the existence of the
realize as we call it, foolishly, of the lower to
the higher.

I want y. to realize that the true alliance
is bet. people of noble ideals however they
differ in detail & we have all got to go all
out to help each other in distress. He who
fights & doesn't run away gets wounded & has to
be carried off the field ~~that~~ he may ^{live to} fight
another day.

It is really the expression of the bitter pain of self-consciousness, of the pain of the people who will help it, the others being more worried.

June 9/24

Dear AHS

They have shown me your letter to E. about the
war in Korea. You & I have been in - in 19 am -
coming to take my imagination. Every you be one of the 3
wise men.

It is really the express of the bitter pain of self-consciousness, it strikes
blindly & stupidly most of all at the people who wld. help it, the others
being more wary.

I solemnly thought you noble & precise. Do not
forget that our communications cannot get numbers,
of which I feel. I will be obliged to keep the line
of our own length. One of the persons whom I want
for a long while to know you - put away it as
humane as possible. I would like to see before we
at the expense of getting from J.S. & a little which
was a hard up. I would you again was in place.
There is a plan in your plans - thoroughly speaking,
The same plan as was in mine - tell by record. You
do not take into account the existence of the
machine as we call it, possibly of the plan to
the higher.

I want to realize that the true alliance
is that people of the ideals however they
differ in detail & we have all got to go all
out to help each other in distress. He who
fights & doesn't run away gets wounded & has to
be carried off the field & left to die in a fight
another day.

o
I am feeling v. much better. I am going to
take things in hand w. swift & deadly motion
the v. first minute the spring is released. Look to
it.

Yours of July 23 duly forwarded to me here.
It is rather hard to answer your letter in detail stuff because it does not represent well defined states of mind. Your attitude to the morons in your vicinity is quite correct. At the same time the complaint is in a sense a confession of weakness. I do not think you realize quite how essential it is to resume the heroic attitude pure and simple in the presence of such extreme baseness. You seem to be doping yourself with beautiful virgins and drink and other Anglo-Saxon ideas, which are repugnant to both Scandinavian and Celtic nobility. You seem to admit this in part of your letter and yet the admission does not sting you as it should. As the French say you pay yourself with words. You have 'beautiful associations' and 'beautiful souls'. It only makes it worse that such things should exist in an atmosphere of such contamination.

You must not consider the attendant circumstances of getting to London, or rather Paris, for London is being a bad as New York by all accounts. As long as you permit anything to hinder the execution of your will,

You must not consider the attendant circumstances of getting to London, or rather Paris, for London is being a bad as New York by all accounts. As long as you permit anything to hinder the execution of your will,

there will always be enough circumstances, to stop you.

You have a fatal tendency to make excuses for yourself. Sometimes it is your unfavourable surroundings, sometimes it is your own virtue. Dear Montgomery Evans,

Do what - - -

Yours of August 13 just in yesterday. I am sorry you didn't send the second prospectus; we might very well use both to appeal to different classes of readers.

Very sorry to hear that you are in difficulties of the same kind as ourselves. The situation is seriously strained here owing to the incredibly best and villainous conduct of a Frenchman female.

I do hope you will be back in Paris as early as possible. I think that we could get things moving very rapidly if we were working in close conjunction, and there is quite enough money in the Hog for all of us.

Please let us know as soon as possible what are your first plans.

I will send you a few books which I hope will fill the bill, though I wish you had heated the general type.

There is no further news of England. We hope to get the prospectus in the press on Monday. Thanks for forwarding of the address-book.

Paris gossip: One more unfortunate, weary of breath, American of course, another victim of prohibition.

There is a movement to clean up Montparnasse. I expect
to be treasurer; I need a suitable body. I will not mention
you whereabouts and circumstances to any one outside
the Order.

I will drop a p.c. to J.H. about Huxleyton.
I am really too busy at the moment to see anyone
except on undeniably vital matters.

I have no political books. I suggest your taking
The Book of the Law as a text book for a ~~new~~ theory of
Monarchy. This by the way is not quite the right
term. We may need a præius liber pæris, but
it is the quality of the peers that is important. Have
written to London to get the book by Ludovici.

I do not know who is the responsible party in the
'Daedalus' mystery.

Do come back and relieve the tedium of typing.
Love etc.

P. S. Will send you a copy of the Beavenbrook letter
in a day or two. Have met several valuable
sympathisers.
